Welcome to the eighth VisionZambia annual report celebrating our work during the year 2019 and looking forward to 2020. We would like to take this opportunity to thank our many supporters and donors and to recognise the dedicated work of our trustees.

Friends Helping Friends

STATEMENT FROM THE CHAIRPERSON

As trustees, our central commitment is to identify practical, sustainable and achievable solutions to some of the problems faced by the community in Linda township near Lusaka, and to implement them to the best of our ability.

2019 was a year of consolidation for VisionZambia. Following the excitement of building two new classrooms for a secondary school in Linda in 2018, we settled into the familiar routine of supporting our major stakeholders, Linda Community School and Mother of Mary Hospice in Chilanga.

A large proportion of our funding supports salaries at both institutions. We know that some charities shy away from committing to paying salaries over the longer term, but without the support of VisionZambia there would be fewer community teachers at the school, and the Hospice outreach clinic and in-patient facilities would cease to be what they are. Every year we hope and pray that we can meet our promises, and every year so far, thanks to our donors, we have been able to do so.

We also expanded our connection with sports teams in Linda by resurfacing the netball court which had fallen into disrepair. This facility has become hugely popular with young people in the community, as a place not only to play netball but also to socialise and plan fixtures.

Mindful of sustainability issues, the trustees agreed to visit Zambia twice instead of three times per year during 2019.

We always welcome connection and feedback from our donors and stakeholders

With heartfelt thanks for all our friends and supporters,

Sisa Allen

OUR STORY SO FAR

VisionZambia was set up in 2001 by local supporters in Zambia and a team of friends from the UK and was registered as a charity in 2013. This partnership between two countries and two communities was created with the aim of enriching the lives of both.

VisionZambia is dedicated to working with communities in need in Zambia to help them prosper. At present we work with a large community in Linda, near Lusaka. Approximately 52,000 people live in Linda and most are challenged by a lack of basic services including health care, education and access to water and sanitation.

HIV and TB are pervasive in this part of Africa and many children are orphaned at a young age or cared for by their elderly grandparents.

VisionZambia believes that it is important to work in partnership with the Linda community, so that both groups can develop and learn from the relationship.

OUR MISSION:

VisionZambia is committed to building ongoing relationships with Linda community in Zambia in regard to our charitable objectives, which are:

- **THE ADVANCEMENT OF EDUCATION AND TRAINING**
- **THE RELIEF OF POVERTY THROUGH INCOME GENERATING ACTIVITIES WHICH ARE SELF-SUSTAINING**
- **THE PRESERVATION AND PROTECTION OF HEALTH.**

OUR VISION:

VisionZambia believes it is important to devote our energies to ensuring communities in Zambia enjoy success and equality, whilst achieving their own aspirations and rediscovering the richness of their ancestral and cultural past.

OUR PRINCIPLES:

VisionZambia was founded on the principles of Psychology of Vision. Many of our members and supporters are part of this community. Therefore we are committed to the following principles:

Partnership and success – when we are in partnership with others we are naturally successful because the dynamics of partnership, which are bonding, intimacy and balance, are also the dynamics of success.

Effective communication – the key to change and transformation is communication and transparency and we are committed to becoming increasingly effective in all our communications with beneficiaries, donors and partners.

Equality – If we do not consider ourselves and others as equals we fall into the trap of sacrifice. There can only be love, sharing and support between equals.

Integrity – we value integrity, recognising its importance to us as individuals and as a group. It is through being honest in every aspect of our lives that we discover our true nature and the true nature of others.

Service – A contribution to bettering humanity is an important part of everyone's purpose. Service requires giving unconditionally.

WHAT WE DO:

VisionZambia is a UK-based charity that raises funds in Europe, Canada, China and Malaysia as well as in the UK, to support its activities. The main source of our support has traditionally been from individual donors and attendees of Psychology of Vision, now Visionworks for Life workshops.

We are in the process of widening our sources of income through dedicated fundraising campaigns. By diversifying our income streams we aim to create long term stability for the projects we support. We also plan to apply to Trusts and Foundations for grants for our work in Linda. Friends of VisionZambia is a new group that has been formed to support the work of the charity.

WORKING WITH OUR PARTNERS

VisionZambia continues to build on long-standing relationships with our partners and develop new links in Lusaka to support the wider community. These are the key organisations that we work with and highlights of their activities in 2019.

LINDA OPEN COMMUNITY SCHOOL

Linda School continues to thrive and following the classroom build of 2018 saw the opening of the school's first ever grade 10 class in January. The class was named after our founder - called Jeff class.

The pupils who will benefit offering them a chance of a better future. As Doreen Nzila, head teacher tells us; 'for these children the chance to reach grade 12 is the difference between being able to go to college and get a job or languishing in the compound'.

The impact of this development is expected to be massive for the school. A further push went ahead in 2019 with the aim of reaching beyond this achievement to raise funds for a further extension.

The school's growing reputation has attracted regular visits from government officials and growing support from other donors: networking has been installed in the school including projection and sound equipment with funds from the Irish Embassy and the Muslim Trust has provided mealie meal and beef to vulnerable parents. However, the poverty in Linda presents continuing problems and financial contributions from parents have dropped significantly.

The numbers of pupils at the school rose to 2216 pupils. This comprised 1162 boys and 1052 girls. The growing need for new toilets and washrooms, toilets for teachers

and a larger staffroom was apparent and 2019 saw our efforts directed towards fundraising for this.

The pupils are also offered a growing range of extra-curricular activities to provide an all-round experience for pupils and increasing activity in competitive ball games up to provincial level. The Guidance and Counselling department is being strengthened, particularly health awareness in relation to sexual and reproductive health

Exam grades for 2019 saw 89% of pupils pass Grade 7 and 70% pass at Grade 9.

In 2019 VisionZambia coordinated 29 student sponsorships (18 through a private supporter and 11 directly through ourselves).

Looking ahead to 2020 VisionZambia will support the school in building more secondary provision with modernized sanitary facilities and by developing the education programme.

MOTHER OF MERCY HOSPICE

Each year VisionZambia provides the funding to support 20 staff and cover the running costs that enable this clinic to provide free palliative care to patients with TB and HIV/AIDS.

The Hospice was delighted to receive an X-ray machine donated by the Beit Trust in March 2018 but there have

been challenges with the new machine and delays in the licensing process.

The AIDS Healthcare Foundation continues to support the ART clinic and this service is used by over 2000 patients locally. There has been a national focus on VCT testing door-to-door and Hospice staff have played a key role in this area.

The Hospice also runs an outreach programme taking food and supplies to patients in the poorest and more remote areas of Chilanga district. This supports those who are too poor or too weak to make the journey to the Hospice.

WOMEN'S GROUPS SAVINGS AND LOANS

VisionZambia continues to support women to run Savings and Loan groups to empower local women enabling them to have control over their finances and start small businesses. In 2019 the trustees paid local co-ordinator Mainess Haminda to oversee and nurture the Women's Groups who are running Savings and Loans schemes. Tiyende Pamodzi, Chikondi/Lusapila, Light of Hope and Mangana Groups have all entered their fourth year of saving together. The new group, Happy Women, is in their second year of saving together and using their savings to provide books and equipment for pupils at Linda School. Another new group has emerged from the former Fiwamina Abantu now called Mbawemi which meets regularly.

In addition to the Savings and Loans scheme many of the Women's Groups are continuing to develop their businesses.

MBAWEMI

As well as a Savings and Loan group the Mbawemi women set up a business by selling donated bras and using the funds to buy fabric to make samples of clothing including school uniforms. They secured and fulfilled an initial small order and then VisionZambia agreed a funding request to provide more fabric to continue to build their business. The women also sell uniforms at a discount to vulnerable children.

FIWAMINA ABANTHU

The chair of this group, Miniver Chalwe, has had many innovative ideas but her primary focus currently is adult literacy classes. She charges students 20kw (£1.23) per month per student and has 14 learners taking English, Maths, Science, Social and Development Studies, Zambian and Art. VisionZambia supported her to purchase learning materials to start this project. She is also working with the National Business Technology Centre to progress some of her other projects including reusable sanitary pads.

LUSAPILA

This group which keeps chickens was supported last year to buy an incubator to protect the eggs. Their chicken population which they are rearing as natural and free range continued to grow to over 125 chicks and chickens. The food for this type of poultry called village chickens locally is more expensive and the women are planning how best to move their business forward to become self-sustaining. They are investigating the possibility of using land one of the members owns to cultivate maize for feed.

SPORTS TEAMS

Josphat Maimisa continues to do great work with Progress Sports Foundation and following the formal registration as a society it continues to grow from strength to strength. There are regular matches for the teams playing netball, volleyball and soccer.

2019 saw funds from VisionZambia repair a dilapidated netball pitch, which was in such a poor condition that it was unusable. This gives the team a base and helps to cut the high transport costs faced by the team. Our focus for 2020 is to support the club in growing its relationship with Linda Community school.

AUTOWORLD

Autoworld is a socially responsible Zambian auto parts company which has supported VisionZambia from its inception. We are very honored and proud to be affiliated with this accomplished and high profile company and we look forward to establishing more projects with them in the future.

STRUCTURE, GOVERNANCE AND MANAGEMENT

ABOUT US

VisionZambia has one part time member of staff who acts as the UK Administrator and seven trustees. VisionZambia's registered address is in Wiltshire because the founding organisation of VisionZambia, VisionWorks Life Skills Ltd, is registered in Wiltshire at the same address.

Six trustees of VisionZambia live in the UK and one in Zambia. We have a strong focus on our accountability and that of our partner organisations.

Representatives of VisionZambia visit our partners in Linda Compound three times a year as close as possible to January, June and September. The purpose of these visits is to gain information from our partners about the progress of their projects and the effects on the wider community. VisionZambia also collects new funding requests at this time. Partners must deliver accounts on the grants provided before new finance can be distributed.

When VisionZambia trustees visit Zambia they donate their time but their expenses are paid by the charity.

After the visits the VisionZambia team and trustees meet in the UK to report back on the progress of our projects and partnerships and agree on future funding plans. We put our relationships with our partners at the core of our activities and place high value on engaging, communicating and spending time with them.

LOOKING FORWARD - OUR FIVE YEAR PLAN

VisionZambia is excited about the next five years. We continue to attract funding that will have a real impact on the lives of the people living in Linda compound.

Since 2015 VisionZambia has focused on making the charity more accountable. We have developed new partnerships and consolidated our relationships with key partners like Linda Open Community School, Light of Hope Health Care and Mother of Mercy Hospice. Both the Trustees and VisionZambia employees are passionate about ensuring we are responsible and accountable to our donors and that donations are used effectively.

To complete our aims we have five key areas of development:

1. To support our women's groups to grow and develop in a sustainable way for the benefit of the wider community
2. To maintain our provision of basic health care for the elderly and under-fives
3. To support access to education for the most vulnerable students
4. To ensure Linda Open Community School delivers high-quality education that will encourage pupils to attend school for longer
5. To work to ensure our income generating projects are sustainable so that we can introduce matched funding wherever suitable.

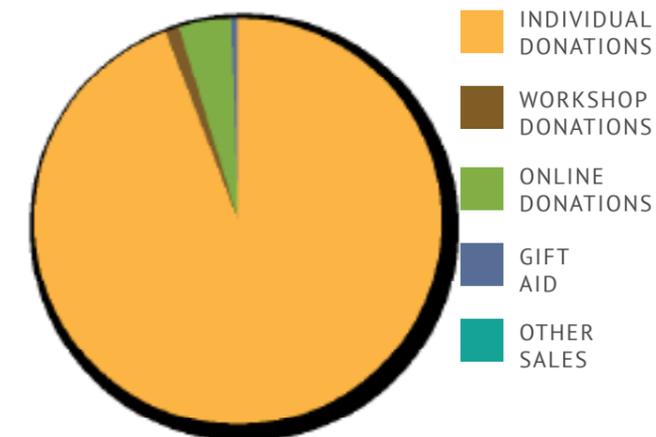

For our work in the UK we also have five key strategic goals. These include:

1. Building our supporter base in the UK and worldwide to increase individual donations that are supported by Gift Aid
2. Increasing our accountability and transparency to donors and beneficiaries through site visits and regular reports from our projects
3. Creating partnerships with other organisations for the benefit of the Linda community
4. Gaining baseline data in order to measure our impact in Linda Compound and developing key performance indicators to measure our progress
5. Maintaining good communication with our beneficiaries and friends in Zambia through regular updates on social media and on our website.

INVESTMENTS AND INVESTMENT POLICY

In July 2011 VisionZambia invested £150,000 through financial adviser Paul Scott of Strategic Financial Solutions, in a policy with Aegon Scottish Equitable Management.

The decision was taken to invest a percentage of funds so that there would be a return on some of the donations given to VisionZambia. The intention was to spread the funds instead of keeping them all in one bank account by using a vehicle that allowed access to funds at any time although it was understood that the longer the investment the greater the return.

This investment is reviewed on a six monthly basis to allow us to update our records and decide if any amendments should be applied. These funds will once again be available to VisionZambia at any time.
